

Coronavirus Update # 3:

Monday 16 March 2020

Kia Ora Whanau,

This is our latest update about COVID -19 (Coronavirus).

The likelihood of our students coming into contact with the COVID 19 virus still remains low.

We have brought in new measures at Pukekohe North School this morning around hand washing.

1. Students will start the day with 20-30 seconds of hand washing
2. After Morning Tea AND after Lunch, the students will wash their hands again before commencing their learning
3. After going to the toilet AND BEFORE eating, the students will thoroughly wash their hands.
4. TRY to stop children touching their faces especially around the eyes, nose, ears and mouth.
5. Any coughs or sneezes should be caught in tissues or the crook of the elbow.

IF YOUR CHILD HAS COLD LIKE SYMPTOMS PLEASE KEEP THEM AT HOME.
