

# Week 5

23 - 27 August

Online learning

We are again spending another week in lock down.

I have some activities for you to do at home and you do not have to do more than one a day.

You can also hunt out your past Duffy books and reread those.

Remember to put your work on a google doc and save it into our shared online learning folder. A folder has been created for each of you to put your work into.

If you do not have a device, look at slide 4 with some activities to do.

1. Have 4 more throws and measure each throw.
2. Whose plane flew the furthest? What is the distance?
3. Whose plane flew the shortest? What is the distance?
4. What is the difference between the plane that flew the furthest and the plane that flew the shortest?

My brother kicked the red ball with gusto and it flew to the other side of the fence.
