- Click on the link: [Kiwi Can](#)

Watch the youtube clip and think of the positive things that are shared.

- What does Resilience mean?
- What does Persistence mean?
- Record your answers into your work book

8 Ways to Build Resilience in Children:

1. Let them experience disappointment so they learn sadness doesn't last forever.
2. Validate their fears and help them make plans to do things even if they're scared.
3. Let them take (reasonable) risks and experience natural consequences.
4. Encourage them to try new things, make mistakes, and learn from their mistakes.
5. Give them opportunities to make their own decisions and help them problem solve.
6. Tell stories of people who faced hard times, persisted, and grew stronger as a result.
7. Reframe challenges as short-term problems, and opportunities for learning.
8. Remind them that although we can't control everything that happens to us, we *can* control how we respond.
