- 3) Valley Fold - - - - -
- 4) Glue  1  2  3

# Penguin Gift Box Christmas Decoration Instructions

Follow these simple instructions to make your penguin gift box.

## You will need:

- A pair of scissors
- Some glue
- A ruler (optional)
- A needle and thread for hanging your gift box (optional)

## What to do:

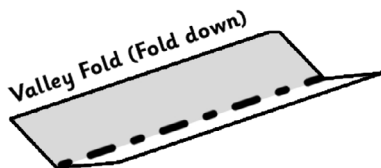

1. First, cut out the two templates. Be sure to cut all of the solid black lines around the templates.
2. Now, fold all of the dotted lines to help you make the shapes before gluing.

All of the dotted lines fold **down** (a hill fold). The two 'dotted and dashed' lines fold **up** (a valley fold).

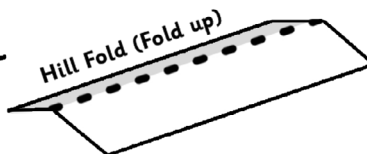

Use a ruler to help you keep a straight edge.

- 2) Hill Fold - - - - -
- 3) Valley Fold - - - - -
- 4) Glue  1  2  3

Valley Fold (Fold down)

Hill Fold (Fold up)

## How to make the penguin's body:

3. Take the larger template. This will become the penguin's body.
4. Add glue to tab 1 and join it to the other side.
5. Now join the feet part of the penguin's body. Add glue to tabs 2 and 3 and join them to each side. Hold until the glue has dried.
6. Next, add glue to tab 4 and join it to the base.
7. Finally, glue tab 5 to the side with the Twinkl logo to complete the bottom section of the penguin's body.
8. Now, look at the top of the penguin's body. Join the two semicircles together with a small amount of glue.

## How to make the penguin's head:

9. Take the smaller template. Add glue to tab 6 and curve it around to attach it to the other side. Hold until the glue has dried.
10. Now you are ready to attach the head to the body! First, add glue to the white side of each wing.
11. Then, carefully place the loop of the head section over the body section and push the wings into place at the sides until the glue has dried. Look at the picture of the finished model to help you.

## How to use the penguin gift box:

12. When the glue has dried, you are ready to fill your gift box with small toys or treats! Place the treats in the bottom section then fasten the top to the bottom section by slotting the paper slits together. See picture.
13. Finally, ask an adult to make a small hole in the semicircle at the top of your gift box. Add thread to hang the box on a Christmas tree!

**You have finished your penguin gift box!**
