Making the Bed

29

In our house we make our beds in the morning. When I wake up the first thing I do is make my bed.

I pull the bed sheets up and I make them smooth and flat. I tuck the ends up under the mattress. Then I pull my blanket over the sheets. I fluff up my pillows. My bed looks very neat and tidy when I leave for school.

But when I get home it is another story. Our family dog called Ollie likes to sleep when I'm at school.

I come home and find him asleep on my bed. When he hears me he wakes up. He is so happy to see me he jumps up and down.

Naughty Ollie! My bed is in a mess again!
